**Part V.** Read the passage and choose the correct answer A, B, C or D for each of the following questions. Write your answers on the answer sheet.

When Jane left school at the age of sixteen, her aunt Flory gave her \$500 for her birthday. Most of Jane's friends decided to go to the college, but Jane used her aunt's money to start her own business. She bought fruit, sugar and some glass jars and began making her own jam. She sold the jam to her friends for \$1 a jar and soon doubled her aunt's \$500.

At first, her parents wanted Jane to go on studying instead of spending time making jam. They hoped that one day she would be a teacher or a doctor. But Jane didn't listen to them. She just kept on making jam. After a few months, she started selling **it** to the local market. Then she started making orange juice. She sold this to a school where one of her friends worked.

After two years, her business was very large and her parents were very pleased with her. She made all kinds of food which she sold to shops and supermarkets. She was so busy that she had to get some people to work for her.
